Why our bikes?

First of all we are bike riders ourselves, so we know what bikers want.

Almost 15 years of bike design, manufacturing and test makes the difference, as well as a successful partnership with bike rental points and bike tour operators.

Fast and reliable first class service, internal CNC workshop, assembly line and testing is a guarantee for high performance and durable bikes.

Mathitech expertise in studying and implementing advanced solutions for mechanical applications.

Our target is

- transform an idea into a product
- develop a certified production process
- implement and scale-up the process for mass production thanks to an expertise focused entirely on advanced industrial automation and leveraging over 15+ years of experience in mechanical applications.

Shop

Passionate Cyclists

We are constantly looking for useful and trendy innovations that make life more comfortable cycling, exciting or just more fun. All products are carefully selected by us and tested to ensure your cycling. First of all we are passionate and enthusiastic Cyclists and this is the main reason for our wide popularity.

At our shop you'll find a very wide range of Bike's brands.

Our focus is on quality, and this is because we are authorized dealers of:

TREKBIKES, SCOTT, CANNONDALE, HAIBIKE, CUBE beside our own brand manufacturing of MATHITECH Bikes.

Mathitech Shop is always up to date for what concerns Technology. This is the reason why we are a reference in E Bikes, most Technological parts and so on.

At Mathitech you can find a wide range of accessories, parts, bike apparel and so on.

At the same time, Mathitech offers SKI Service and SKI, Head Brand mainly.

Our Top Man in this specialty is Ales, who is also a well known Ski trainer.

Our Team will

- advise you professionally and competently
- choose with you a loan material appropriate to your performance level
- perform a thorough sports equipment analysis for an individual preparation
- create a detailed service order with you
- adjust the binding carefully, conscientiously and in a match with the standard according to your core data

So come to Mathitech and you will feel very comfortable to snow too.

Bike Rental Mathitech Sezana

We have bicycles in all models and sizes.

Solid MTB bikes, E-bikes, Road bikes, bikes with child seats, tandems and hybrid tour bikes.

Rent a bike to make the most of your visit to Karst and Slovenia wonderful land.

On the bike you cycle easily, cheap, fast and sustainable from one hotspot to another.

All at your own pace and at your own departure time. Come and visit us and choose the bike that suits you, or make a reservation in advance.

Service

We love Bikes and take care of them so much

We offer full range of repairs and maintenance services in our extensively equipped workshop facilities.

Experienced technicians with wealth of know-how and dedication to complete the service to higher standards.

We pride ourselves on our mechanical expertise, quality of work and customer satisfaction.

We invite you to come in with your bike and we will give you a quote on the spot. Our key to service excellence is that most repairs are completed within 48 hours.

We work on all bikes, not just on bike shop bikes.

What we do

Our repair shop can handle any repair, on any bike (no matter where you bought it!), from a quick flat tire fix to an in-depth overhaul of every system on your bike. We're proficient with modern technology plus the classic stuff, so we're equipped for what you ride and any repair it may need.

Mathitech shop offers the following service packages—in addition to a complete range of repairs—to keep your trusty ride in prime condition, or to bring a long-neglected bike back to life.

Free tune-up

Every bicycle sold at Mathitech includes a free tune-up. All new bikes go through a normal break-in

period, after which it's important to check cables and other parts and readjust as necessary. This can help increase the longevity and performance of your bike.

Bring in your bike for its free tune-up within 20 hours of use or 6 months from purchase, whichever comes first—contact your Mathitech bike shop to schedule this important (and free!) service.

Service standard

Includes all Standard services on baby bikes, Trekking bikes MTB Bikes, Road Bike etc.

Service express

Includes all Standard services on baby bikes, Trekking bikes MTB Bikes, Road Bike etc. required in one day time.

This kind of express service is not always available, depending on in line upwards service jobs.

E-bike informatic / electronic service

Mathitech is highly specialized in all kind of **service on E-bikes**, as Mathitech is an E-bike manufacturer too.

The shop is Bosch, Yamaha, Brose, Shimano Step and Ansmann motors qualified.

Service dedicated to electric and electronic parts, Software updates, Batteries and light connections, and similar, is covered by this third level of Service, as well as each and all the services related to electronic gear components (Sram E-Tap, Shimano Di2 Series, FSA Electronic and similar).
